

Description:

Guild BioSciences is a growing biotech company developing biologically oriented products for dynamic high-impact applications. We are seeking Research Technician candidates with strong research capabilities to assist senior scientists in the development of new biologically-inspired products and on-going research projects.

Education/Experience:

The candidate must have a B.Sc. or M.Sc. in a biology related discipline such as microbiology, molecular biology, or biochemistry, and have prior experience working in a research laboratory setting. Experience with bacteria is required and experience with bacteriophages is advantageous.

Requirements:

- B.Sc. or M.Sc. in a biology discipline
- Must be responsible, highly motivated and willing to learn
- Strong communication and interpersonal skills
- US Person, as defined by the United States Department of State, Directorate of Defense Trade Controls

Benefits:

In addition to a competitive base salary, GBS offers performance based salary increases, benefits including a rich health care plan with options, annual and supplemental leave, paid company holidays, flexible work options, and an individual personal development program.

Company and location:

Guild BioSciences is a division of Guild Associates, Inc., a privately held, ISO 9001:2008 certified company. Guild BioSciences focuses on contributing to the bioscience community through advancements in R&D. Our focus is the development and commercialization of novel bioscience technology with particular emphasis on infectious disease diagnostics.

Guild BioSciences is a drug-free workplace in compliance with the Drug-Free Workplace Act and an Equal Employment Opportunity/Affirmative Action Employer. If you need accommodation for any part of the employment process because of a medical condition or disability, please contact us to let us know the nature of your request.

Application process:

Interested candidates should send the following information to: [dmanley@guildassociates.com](mailto:dmanley@guildassociates.com)

- A cover letter, which summarizes qualifications and experience
- Curriculum Vitae
